

## REQUEST FOR ADDITIONAL VISITORS

Additional visitors will be considered to participate in supervised visitation services only after several one-on-one visits between the child and parent have occurred without incident. Only those extended family members who are not restricted in the court order may be allowed to participate. This will be allowed only if it does not compromise the safety of other participants. If the visitor interferes with the visit in any manner, the visitor will be asked to leave and will not be able to participate in a visitation again.

Additional visitors must obtain prior approval from The Family Resource Center. **Please allow at least 1 week for request to be processed.**
